Hearing Instrument  
Specialist

## A WORD FROM OUR PATIENTS

*Changing lives, it's what we do. But don't just take our word for it... see what our patients have said about us.*

“ My quality of life has truly been improved by wearing hearing aids from Northumberland Hearing Center. I am no longer guessing at what people are saying to me. I can hear every word. WOW! I love my new hearing instruments! Thank you so much!!! ”

*Kimberly Yohn - Port Trevorton, PA*

“ I was particularly impressed with the extent of service I received at Northumberland Hearing Center. I never felt rushed or pressured at all. Ethan is very knowledgeable and helpful in the transition to my new hearing aids. My quality of life has changed: I hear better at work. The volume on the TV is lower (which my wife appreciates greatly) and the times I ask people to repeat themselves is greatly reduced. ”

*Don Joreitz - Millersburg, PA*

“ Northumberland Hearing Center staff are friendly and professional. They make you feel so relaxed from the time you go in the door. I would recommend them to anyone. ”

*Linda Wagner - Beavertown, PA*
